New theoretical insight

You can secretly look at one Dark Matter candidate card

COVID lockout

Remove all resources from all running research (except COVID vaccine)

Science Ministry dissolved

Target one player. This person must discard immediately all grant cards

Friendly Agency head

Take all grant cards of one player of your choice. Discard cards in excess

Strange feeling of Déjà vu

Take to your hand one event card that has already been played and removed from play

Fake News

All players (you included) must discard all grant cards

Revolution!

All labs owner change. Each laboratory is given to the player to the left

New Principal Investigator

Move one research to another laboratory. New lab must be able to host it
